

WESTBERG WHITE
EDUCATIONAL FOUNDATION

Introducing the
Westberg White Educational Foundation

Our Mission:

To support students in pursuit of a better life through education, The Westberg White Educational Foundation (WWEF) provides education funding to select community colleges and school districts in Southern California. The intent is to support high school seniors headed to community college and current community college students.

Westberg White Architecture Founder, Paul Westberg, established WWEF in 2018 and was motivated by a desire to “pay it forward.” Westberg observes: “Over the years, my company has provided full professional services for local community colleges and school districts. During that time, we developed a deep respect for the life-changing work they carry out. Providing these funds is one way we can express our gratitude.”

Applications will be available in November, and awards will be announced in January, 2020.

WWEF is coordinated by Raul Alvarez, retired Executive Director of the Cypress College Foundation and former President of the Network for California Community College Foundations. “We’re delighted to add Raul to our team,” exclaims Westberg! “His unique appreciation of student needs will help us optimize the effectiveness of WWEF.”

We’d love to meet you! WWEF is hosting its 2nd Annual Golf Invitational at Black Gold Country Club on Friday, October 11, 2019. Please join us for a day of golf, stop by our morning “Meet and Greet,” or attend the reception and dinner following our tournament.

Gratefully,

A handwritten signature in blue ink, appearing to read 'Paul Westberg', is written over the word 'Gratefully,' and extends downwards into the name block below.
